

## ARTICULATION TIMELINES

### 2016 - 2017

The following describes an entire cycle regarding CSU/UC transferability and inclusion in General Education patterns: CSU General Education Breadth (CSU GE) and Intersegmental General Education Transfer Curriculum (IGETC). DVC has the authority to deem courses CSU-transferable (within guidelines set forth in CSU Executive Order No. 1033); UC must review and approve courses for UC transferability. Courses must be deemed UC transferable before they can be considered for inclusion in IGETC. For this reason, the articulation cycle works one year in advance. Articulation with individual campuses for major/graduation requirements is conducted separately.

**August 2016** Decisions received by UC regarding transferability of courses that were submitted for review in **June 2016**. New courses deemed transferable may be submitted for inclusion in the **2017-2018** CSUGE Breadth and IGETC in **December 2016**.

**October 2016** New courses approved by DVC Curriculum Committee by **September 2016** may be submitted for UC transferability effective **Fall 2017**. New courses deemed transferable may be submitted for inclusion in the **2017-2018** IGETC in **December 2016**. Curriculum changes that are effective **Spring 2017** entered into ASSIST database.

**November 2016** Decisions received by UC regarding transferability of courses submitted in **October 2016**.

**December 2016** Additions or changes to the **2017-2018** CSU GE Breadth and/or IGETC submitted to CSU/UC. All such courses must be CSU/UC transferable.

**April 2017** **2017-2018** CSU GE Breadth and IGETC decisions received. Curriculum changes that are effective **Fall 2017** are entered into ASSIST databases.

**June 2017** New courses approved by DVC Curriculum Committee during the **2016-2017** year submitted for UC transferability effective **Fall 2017**.

**August 2017** Decisions received by UC regarding transferability of courses submitted in **June 2017**. New courses deemed transferable may be submitted for inclusion in **2018-2019** CSU GE Breadth and/or IGETC in **December 2017**.
