

Associate Degree Planning Worksheet

Effective Fall, 2009 through Summer, 2010

NOTE: Subject to change. See a counselor for more information.

ASSOCIATE IN ARTS / ASSOCIATE IN SCIENCE

The requirements listed on this worksheet are those in effect for 2009-2010. A student remaining in continuous enrollment at Diablo Valley College, Contra Costa College, or Los Medanos College may elect to meet the graduation requirements in effect at the college from which the student will graduate either at the time the student first enrolled or any subsequent year of continuous enrollment. Continuous enrollment is maintained when a student receives an A, B, C, D, F, P, NP, I or W at DVC, CCC, or LMC in at least one class in each academic year (fall, spring, summer).

1. BASIC DEGREE REQUIREMENTS

- Satisfactory completion of a minimum of sixty (60) units of degree-applicable course work.
- Overall grade point average of 2.0 (C) or higher in degree-applicable course work.
- At least 12 units of degree applicable course work earned at Diablo Valley College.
- English 116, 118 combined: maximum credit, one course.

2. GENERAL EDUCATION REQUIREMENTS

Students may select from three options for General Education:

Option 1 - Diablo Valley College General Education Requirements

This is the general education pattern detailed on pages 2 and 3 of this worksheet. Students electing Option 2 or Option 3 should substitute the general education requirements listed on the worksheets labeled IGETC or CSU-GE.

Option 2 - IGETC - Intersegmental General Education Transfer Curriculum

Option 3 - CSU-GE - California State University General Education Pattern

It is strongly recommended that the selection of the General Education Requirements option be made with the assistance of a counselor.

3. MAJOR/AREA OF EMPHASIS REQUIREMENT

This requirement is satisfied by completing the courses listed as the major/area of emphasis under various disciplines in the DVC catalog. Students whose first enrollment at DVC was prior to Fall, 2008, and who have maintained continuous enrollment since then, may receive an AA degree in Transfer Studies/CSU or Transfer Studies/IGETC. See a counselor for more information.

4. ADDITIONAL REQUIREMENTS FOR GRADUATION

The American Institutions, Ecology of Human Health, and Physical Education graduation requirements are listed on page 4 of this worksheet.

Elective courses may be necessary to complete the minimum of 60 units required for the Associate degree. Any degree applicable course may be selected as an elective.
