Math Program

Want to practice and improve your math skills during the summer? ETS is offering Pre Algebra, Algebra I, Geometry and Algebra II review sessions. This is an ideal program for students wanting to review concepts before moving to a higher level math class in the fall.

College Writing Program

Learn to write a well organized, concise essay. Increase your knowledge of elements of expository and persuasive writing genres.

Grammar Program

Students will develop strategies necessary for the writing process. These sessions will teach the writing process, focus on grammar, syntax, usage, and punctuation.

Testing and Career Exploration Program

Provide information on STAR test CAHSEE, ELM, EPT, SAT, ACT and when to take them. Take a personality profile, research careers and learn about your future career path.

Planning for Majors & College Program

Have you thought about what your life will be like after high school graduation? Is going to college in your future? Let ETS teach you how to prepare and how to select a college major!

College Tours

We are planning an exciting line-up of college tours to Sacramento State University, Sonoma State University, Chico State University and UC Davis. If you haven't visited these campuses, want to go again or just want to experience Amtrak, Come join us.

College Readiness Program for Rising Seniors

Seniors come learn about college admissions, and financial aid processes.

Developing a Scholarship Portfolio

Don't wait until your senior year to develop a Scholarship Portfolio. Are you planning to apply for more than one scholarship? Start developing your portfolio during this Workshop.

SAT Preparation Program

ETS is offering a four-day SAT Preparation Program this summer. We will review tips and strategies to answering SAT questions.
