

Our next meeting is 12/1 at 1:00 in the DIABLO ROOM.

The agenda for that meeting is:

- a. Design Team Integration Report Out (1 hour – Lupe). As you prepare for the report outs, think about what stages in the student experience your design team is about. We haven't really done a deep share of our activities to date, so we will do that first.
- b. The GPS-T problem statement, deliverables, and timeline. The same activity we did in design teams in October, but with the entire group (1 hour – Kris).
