Guest: Rosy Mighetto

Absent: Clarice Adams, Daniel Catterson

1. Introductions
2. Agenda – Moved by Mark, 2nd by Chi Approved
3. Minutes – Moved by Gabe, 2nd by Mark
4. Public Comment – Rosy Mighetto is doing research and would like to interview our students on Self Care and Stress Levels – how this impacts the student's work, academic work and relationships. Also includes effects on higher education. Her work looks at the non-traditional 4 year university student. Working on IRB Approval. Data is gathered through a focus group. Becky advised on the process of submitting a Research Request.
5. Announcements – The tri-chair process was approved. Gabe will be our new tri-chair.
6. External Request – Emailed to group – Regarding DSS students. Becky reviewed this with David Haggerty - There are several questions outstanding. After discussion, the request was not approved (Moved by Mark, 2nd by Gabe).
7. Chrisanne Knox – Website Analytics – Chrisanne explained the types of data that is gathered by the website and how it has been used to update access to the DVC website. Chrisanne explained what data is collected and how to request it.
8. CCSSE Data and ILOs – Becky resorted the CCSSE data and pulled out questions that responded to our ILOs – and also SSLOs.

Areas -

1. Communication
2. Empathy and Cultural Diversity
3. Information and Technology Fluency
4. Growth Mindset
5. Solution Mindset and Critical Thinking

To validate the sorting, Mark suggested that we give the same groups and questions to different focus groups – faculty, administration, students - to see if they get similar groupings.

9. CCSSE – New Categories – Students, Student Services, Faculty - Members paired up to evaluate the groupings and decide on importance. Great support for Daniel's draft of the report.
