Guests: Patrick Moe, James Wilson, Jeffrey Smith, John Matthesen, Mickey Huff

Meeting held via Zoom – Hein called the meeting to order at 2:35 p.m.

1. Approval of the January 31, 2022 agenda:
It was MSC, with no objections and by all present, to approve the agenda as written.
2. Approval of Minutes from December 6, 2021
It was MSC, with no objections and by all present, to approve the minutes as written.
3. Public Comment: None
4. Announcements:
 - Hein commented that Pham is compiling bullet points regarding potential issues with implementation of AB 928. The Academic Senate for California Community Colleges (ASCCC) has a portal for interested parties to provide input on the creation of a singular general education pattern. For example, COMM-120 is only required for CSU GE. The bullet points along with links to the ASCCC portal and text of AB 928 will be emailed to the committee this week. Committee members are encouraged to forward the email to their departments/divisions.
 - Colchico suggested a discussion regarding curriculum relationships across the three colleges in the district including signing off on course substitution and differences in local degrees.
 - Hein noted that the committee will be discussing this semester the distance education supplement on the COR, curriculum development, and GE/transfer, among other things this semester, but committee members are also encouraged to suggest topics for discussion on future agendas by emailing her and Agostino for future agendas.
5. Status Report by VPI or designee:
 - Moultrie reported that all divisions have completed their T5 revisions for 2021. She thanked the committee members for their assistance in getting all courses and programs through and approved.
 - Agostino reported out from 5C that the draft of the Program and Course Approval Handbook will be available in March. The Ethnic Studies Task Force is meeting on

7. First Review/Possible Action

New Courses – effective fall 2023

SOCSC-122 Media Literacy and Critical Thinking in the Social Sciences

Distance Education – both 100% and Hybrid

Prerequisite of ENGL-122 or equivalent

Mickey Huff presented SOCSC-122 as a course emphasizing media and information literacy.

It was MSC, with no objections and by all present to approve SOCSC-122, the distance education supplement – both 100% and hybrid, and a prerequisite of ENGL-122 as written.

SOCSC-130 Introduction to LGBTQ Studies

Distance Education – both 100% and Hybrid

Patrick Moe and James Wilson introduced SOCSC-130 as a core course for the Social Justice Studies Associate Degree for Transfer.

It was MSC, with no objections and by all present to approve SOCSC-130 and the distance education supplement – both 100% and hybrid as written.

New Courses – effective fall 2022

ADJUS-100 Public Safety Career Academy

ADJUS-127 Summer Youth Law Enforcement Academy

Agostino presented ADJUS-100 and 127 as new additions to the summer camp/academy offerings. ADJUS-100 will focus on all public safety careers while 127 focuses mainly on careers in policing.

Approved Minutes

eLumen – dvc.elumenapp.com

Jeffrey Smith presented ENGTC-128 and 268 as new courses in the engineering technology area.

It was MSC, with no objections and by all present to approve ENGTC-128 and ENGTC-268 as written.

New Programs – effective fall 2022 (upon Chancellor’s Office Approval)

Certificate of Accomplishment - Cannabis Entrepreneurship

Certificate of Accomplishment - Food Truck Entrepreneurship

John Matthesen presented two new offerings in the entrepreneurship field. Both programs will give students an introduction to owning their own business as well as a core in either the cannabis industry or operating a food truck.

It was MSC, with no objections and by all present to approve the Certificates of Accomplishment in Cannabis Entrepreneurship and Food Truck Entrepreneurship as written.

Certificate of Accomplishment - Rapid Prototyping and 3D Printing

Certificate of Accomplishment - Robotics

Jeffrey Smith commented that these two programs build on the two new ENGTC courses approved above. He clarified that rapid prototyping is the fast fabrication of a part, model, or assembly using CAD and 3D printing. This type of production differs from production processes of the past that included more engineering before production.

It was MSC, with no objections and by all present to approve the Certificate of Accomplishment in Rapid Prototyping and 3D Printing and Robotics as written.
