When are classes offered?

Classes are offered both day and evening. Most classes are full-term, but some are offered in a shorter format. Consult the class schedule or DVC web site for current information.

How long will it take to earn a degree or certificate?

The certificate of achievement is designed as a three-semester sequence involving a total of 32-33 units. Associate degree requirements can generally be completed in two years of full-time study.

I'M INTERESTED. WHAT SHOULD I DO NOW?

YOUR FUTURE BEGINS HERE!

MISSION STATEMENT Diablo Valley College is passionately committed to student learning through the intellectual, scientific, artistic, psychological, and ethical development of its diverse student body. Diablo Valley College prepares students for transfer to four-year universities; provides career and technical education; supports the economic development of the region; offers pre-collegiate programs; and promotes personal growth and lifelong learning.

PERKINS STATEMENT This project was funded fully or in part by Carl D. Perkins Career Technical Education Act of 2006, awarded to Diablo Valley College and administered by the California Community Colleges Chancellor’s Office. It is the policy of Diablo Valley College not to discriminate against any person on the basis of race, color, national origin, sex or disability in all of its educational and employment programs and activities.

NON-DISCRIMINATION STATEMENT The district shall not discriminate based on ethnic group identification, race, color, age, citizenship, ancestry, religion, marital status, national origin, sex, sexual orientation, mental or physical disability, medical condition, veteran status, parental status, or because a student is perceived to have one or more of these characteristics.
Why study art digital media?

Art digital media professionals work in fields ranging from graphic design, website design to game design; from video editing to special effects creation. The industry is looking to hire visual artists, information architects, and digital media technicians all the time. Anyone interested in working creatively with computer technology would benefit from completing the Diablo Valley College art digital media certificate program or associate in arts degree.

What can I do with an art digital media degree or certificate?

Students completing the degree or certificate of achievement will be working toward careers as web designers, video editors, digital effects artists, game designers, sound designers, and streaming media specialists, as well as a host of career paths centered around technologies still to be developed.

"Anyone interested in working creatively with computer technology would benefit from completing the Diablo Valley College art digital media certificate program.”
