

AGRICULTURE PLANT SCIENCE ASSOCIATE IN SCIENCE FOR TRANSFER SAMPLE SEQUENCE MAP

The Associate in Science for Transfer (AS-T) is designed to streamline transfer admission to the California State University (CSU) system. If you are considering transfer to a UC, private, out-of-state college, or a specific CSU campus, consult with a counselor regarding the transfer requirements of that institution.

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Degree programs require the completion of a General Education pattern. Consult a counselor for help determining which pattern is appropriate for your goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.

A personalized education plan is necessary to meet the unique goals of each student and transfer institution.
