FILM, TELEVISION, AND ELECTRONIC MEDIA – FTVE

Toni Fannin, Dean
Applied and Fine Arts Division
Business and Foreign Language Building, Room 204

Possible career opportunities
Students majoring in FTVE enter broadcasting, cable, online media, and related industries. They can pursue graduate degrees in the field of mass or electronic communication for work in audio and video production, web development, radio and television, cable television, and media departments of agencies, institutions, and businesses.

Program-level student learning outcomes
Program learning outcomes are subject to change. The most current list of program learning outcomes for each program is published on the DVC website at www.dvc.edu/slo.

Associate in arts degree
Television arts
Students completing the program will be able to...
A. produce for broadcast and digital distribution utilizing three-camera studio format principles.
B. operate cameras and professional sound equipment.
C. perform digital nonlinear editing.
D. produce still and motion graphics.
E. produce for broadcast and digital distribution utilizing field production principles.
F. write scripts for various production formats.
G. direct projects for various production formats.
H. transfer to four-year institutions majoring in broadcast communication arts.
I. qualify for entry-level employment in broadcasting.
J. apply their planning skills for project management.
K. identify major trends in the history of broadcasting.

The associate degree program in television arts is designed as a two year curricular pathway that offers a broad general education while preparing students for entry-level positions such as: associate producer, assistant director, on-camera talent, camera operator, sound technician, video switcher, floor director, videotape editor, production assistant, radio board operator, radio producer, radio production engineer, and radio on-air talent.

Students must complete each of the required courses with a “C” grade or higher. Required courses can only be completed by attending a combination of day and evening classes. Certain courses may satisfy both major and general education requirements; however, the units are only counted once.

Selected courses in the program may also meet some lower division requirements for bachelor of arts programs at certain California State University campuses. Students who intend to transfer are advised to consult with a counselor regarding specific requirements.

Associate in science degree in film, television, and electronic media for transfer

Students completing the program will be able to...

A. seamlessly transfer to a CSU
B. demonstrate a working knowledge of the operation of basic production equipment including cameras, sound recording equipment, lights, microphones and grip equipment.
C. demonstrate a working knowledge of the operation of basic post production equipment and software for the purposes of producing various types of programming.
D. demonstrate a working knowledge of the theory and practice of recording sound and visuals in professional formats.
E. demonstrate a working knowledge of the theory and practice of editing original material with the goal of producing finished programs according to professional standards.
F. demonstrate a working knowledge of the theory and practice of producing scripts in a variety of formats for visual presentation.
G. identify the major trends in world cinema and television history.
H. utilize critical thinking skills to analyze and evaluate various approaches to applying visual concepts to a variety of storytelling formats.

The associate in science in film, television, and electronic media (FTVE) for transfer will prepare students for transfer into bachelor's degree programs in broadcast, film, TV, and similar majors. Career opportunities include TV and video producing, directing, camera operation, video editing, scriptwriting, audio recording and mixing, and radio programming.

The associate in science in film, television, and electronic media for transfer degree is primarily intended for students who plan to complete a bachelor's degree at a California State University (CSU) in areas of study such as radio-television-film, television-film, video, film, and electronic arts. Students completing this degree are guaranteed admission to the CSU system, but not necessarily to a particular major or campus.

In order to earn the degree, students must:

• Complete 60 CSU-transferable units.
• Complete the California State University-General Education pattern (CSU GE); or the Intersegmental General Education Transfer Curriculum (IGETC) pattern, including the Area 1C requirement for Oral Communication.
• Complete a minimum of 18 units in the major.
• Attain a minimum grade point average (GPA) of 2.0.
• Earn a grade of “C” or higher in all courses required for the major.

Students transferring to a CSU campus that accepts the degree will be required to complete no more than 60 units after transfer to earn a bachelor’s degree. This degree may not be the best option for students intending to transfer to a particular CSU campus or to university or college that is not part of the CSU system, or those students who do not intend to transfer.

Students must complete each course used to meet a major requirement with a “C” grade or higher. Some courses in the major satisfy both major and CSUGE/IGETC general education requirements; however, the units are only counted once toward the 60 unit requirement for an associate degree. Some variations in requirements may exist at certain four-year institutions; therefore, students who intend to transfer are advised to refer to the catalog of the prospective transfer institution and consult a counselor.
