

Architecture Technology Certificate of Achievement

PROGRAM LEARNING OUTCOMES

Students completing the program will be able to:

1. Communicate architectural concepts using graphic conventions and representational methods.
2. Demonstrate an understanding of drawing methods and graphic compositional techniques.
3. Construct physical models of architectural elements and spaces.
4. Demonstrate an understanding of building components, structures and systems in relation to design.
5. Identify notable architects, design concepts, canonical buildings and precedents in architecture.
6. Identify the historical and contemporary role of architects in the profession and related design fields.

Careers in

- Architectural interns
- Draftsmen
- Designers

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
