CONST Pre-apprenticeship AS

Entry-level jobs in the building trades and/or entry into apprenticeship programs.

Program Learning Outcomes
Students completing the program will be able to:
1. Interpret blueprints and specifications.
2. Apply construction terminology.
3. Use currently available basic personal protective equipment and be able to select appropriate equipment for a given environment.
4. Identify the most common sources of occupational injury and death.
5. Apply principles of job site safety.
6. Practice professional behavior on the construction site.
7. Demonstrate a clear understanding of many trades, interactions, interdependencies, and how the basic construction process flows from one trade to another.

Total minimum required units: 21

- Required
- Elective

Plus at least 3 units from:
