Entry

Art Digital Media: Game Design AA

Program Learning Outcomes

Students completing this program will be able to:

1. Develop technical proficiency using computer hardware and software appropriate to the game design or 3D design industry.
2. Visually and verbally conceptualize in a clear and concise way the artistic/technical direction for a game design project.
3. Articulate, analyze, and evaluate the meaning in creative projects, including social contexts and ethical choices.
4. Work collaboratively within a creative team.
5. Develop a professional portfolio of work.
