## PROGRAM LEARNING OUTCOMES

Students completing the program will be able to:

1. Develop and publish mobile-first responsive websites using industry best practices.
2. Create planning and user experience design deliverables for web and mobile projects.
3. Implement visual design, user-centered design, and interaction design concepts.
4. Build foundation knowledge in rich-media production.
5. Qualify for entry-level employment in the interactive design field.
6. Gain skills in a range of professional interactive media design tools.

## Careers in

- Web design and development, user experience design (UX), user interface design (UI), digital product design, and mobile design and development.

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
