PROGRAM LEARNING OUTCOMES

Students completing the program will be able to:

1. Communicate in a professional, concise, clear, and correct manner.
2. Explain the functions of business financial operations and apply them to business case problems.
3. Compare and contrast ethical approaches and social responsibility options in business situations.
4. Evaluate an existing business and identify the business organization, key business procedures relevant to a specific problem using appropriate technology.

Careers in

- Certificate requirements provide a strong general business foundation for employment in business administration, accounting, management, marketing, finance, international business, or other business-related area.

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
