Program Learning Outcomes

1. Identify developmentally appropriate activities for infants, toddlers, and preschool age children.
2. Analyze the psychological, physical, and cognitive influences on child development.
3. Apply the professional code of ethics.
4. Evaluate strategies to maximize the health, safety, and nutrition of children in early childhood education programs.
5. Create a developmentally appropriate integrated curriculum.
6. Assess how socializing agents impact the lives of children and families.
7. Apply the principles of anti-bias pedagogy.
8. Apply observation and assessments to create appropriate environments.
9. Apply positive guidance skills with young children.

Careers in

- Teaching
- Child advocacy
- Recreation leader
- Family services
- Parent education

Complete 60 degree applicable units along with completion of all required general education requirements. It is highly recommended that you see a counselor for specific courses that will best meet your educational plan/goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
