PROGRAM LEARNING OUTCOMES

1. Identify developmentally appropriate activities for infants, toddlers and preschool age children.
2. Analyze the psychological, physical and cognitive influences on child development.
3. Apply the professional code of ethics.
4. Evaluate strategies to maximize the health, safety and nutrition of children in early childhood education programs.
5. Create a developmentally appropriate integrated curriculum.
6. Assess how socializing agents impact the lives of children and families.
7. Apply the principles of anti-bias pedagogy.
8. Apply observation and assessments to create appropriate environments.
9. Apply positive guidance skills with young children.
10. Apply constructivist theory and intentional teaching methodologies to teacher child interactions.

Careers in

- ECE teaching
- Child care
- Recreation leader

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
