

Dance AA

PROGRAM LEARNING OUTCOMES

1. Demonstrate intermediate/advanced mastery of a variety of dance techniques utilizing proper alignment, axial and loco motor skills, and the ability to execute intermediate/advanced performance techniques.
2. Analyze the evolution of dance through the twentieth century, including the history of dance and other art forms.
3. Demonstrate the ability to design a dance composition incorporating principles of technique, choreography, music, performance, staging, and aesthetic design.
4. Describe the career and advanced educational opportunities available to them.
5. Analyze the integration of various arts and ideas in selected technical, historical, and thematic contexts for the theater, music and dance performing arts.
6. Demonstrate knowledge of the human body, its relationship between diet and health, and incorporate alternative movement classes to improve physical health to improve performance.

Careers in

- Professional dancer
- Dance instructor
