Geography: Meteorology AS

PROGRAM LEARNING OUTCOMES
1. Describe the structure and properties of the atmosphere and atmospheric circulation systems.
2. Develop and explain a forecast in the short to medium time range.
3. Demonstrate the ability to apply atmospheric studies to interdisciplinary and practical applications for commercial and public needs.

Complete 60 degree applicable units along with completion of all required general education requirements. It is highly recommended that you see a counselor for specific courses that will best meet your educational plan/goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
