## PROGRAM LEARNING OUTCOMES

Students completing the program will be able to:

1. Demonstrate a basic understanding of social injustices and inequities, and proposed approaches to their remediation and/or resolution, drawn from a variety of historic, cultural and regional settings.
2. Analyze the processes through which communities attempt to overcome and heal from problems associated with inequality, stigma, prejudice and discrimination.
3. Demonstrate analytical writing ability that effectively integrates theoretical frameworks, research finding and experiential knowledge about social justice.
4. Be empowered through their participation in community engagement projects to be civically engaged participants in college and community life.
