

Economics AA-T

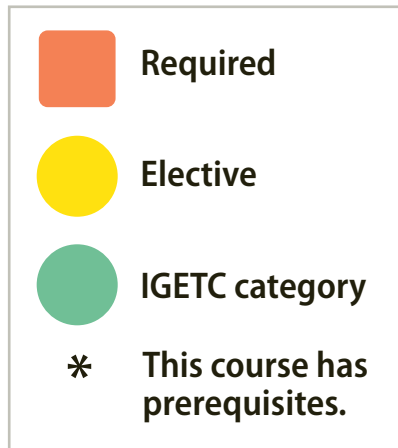

PROGRAM LEARNING OUTCOMES

1. Apply economic theories and economic reasoning to real life situations.
2. Use analytical techniques to measure economic conditions related to the individual, business firms, industries, and economic systems.
3. Explain the role that households, business organizations, governments, and the international sector, play in free markets, command economies, and mixed economies.
4. Evaluate the objectives, limitations, and mechanics of regulation, taxation, tariffs, quotas, and monetary and fiscal policies.
5. Use quantitative methodology to measure economic outcomes.

Careers in

- Law
- Banking
- Management

Complete 60 degree applicable units along with completion of all required general education requirements. It is highly recommended that you see a counselor for specific courses that will best meet your educational plan/goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
