

# CONST Pre-apprenticeship AS

## PROGRAM LEARNING OUTCOMES

Students completing the program will be able to:

1. Interpret blueprints and specifications.
2. Apply construction terminology.
3. Use currently available basic personal protective equipment and be able to select appropriate equipment for a given environment.
4. Identify the most common sources of occupational injury and death.
5. Apply principles of job site safety.
6. Practice professional behavior on the construction site.
7. Demonstrate a clear understanding of many trades, interactions, interdependencies, and how the basic construction process flows from one trade to another.

## Careers in

- Entry-level jobs in the building trades and/or entry into apprenticeship programs.

**total minimum required units 21**

Complete 60 degree applicable units along with completion of all required general education requirements. It is highly recommended that you see a counselor for specific courses that will best meet your educational plan/goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
