

Engineering Technology: Civil Design Drafting Technology AS

- Required
- Elective
- DVC GE category
- * This course has prerequisites.

PROGRAM LEARNING OUTCOMES

1. Use technical drafting principles to develop technical drawings.
2. Interpret construction blueprints.
3. Use geometric construction and descriptive geometry to solve geometric problems.
4. Create 2-dimensional and 3-dimensional computer aided drawings (CAD).
5. Interpret global positioning data.
6. Measure land forms using ground surveying equipment.
7. Apply trigonometry to math problems.
8. Apply the basic laws of physics to everyday situations.

Careers in

- Civil engineering technician
- Survey and map technician
- Civil/Architecture drafters

Complete 60 degree applicable units along with completion of all required general education requirements. It is highly recommended that you see a counselor for specific courses that will best meet your educational plan/goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
