

MUSIC INDUSTRY STUDIES: Commercial Music Technology and Production Certificate of Achievement

PROGRAM LEARNING OUTCOMES

Students completing this program will be able to:

1. Produce recorded music projects.
2. Demonstrate professional behaviors required in the music industry.
3. Apply vocabulary and demonstrate processes used in the protection of intellectual property rights.
4. Demonstrate practical musical literacy, both theoretical and historical.
5. Mix live performances in a variety of genres.
6. Create, arrange, and produce advanced recorded music projects utilizing a digital audio workstation that is MIDI capable.

Careers in

- Technology and production certificate of achievement begins with a set of core music and technology courses to provide both the conceptual foundation in music theory and the technical foundation in a digital audio workstation to record, sequence, and mix music. Graduates of the commercial music – technology and production move into all facets of the music and entertainment industries. Graduates prepare a portfolio of work to demonstrate competencies for work as an AV technician, music engineer, music producer, music editor, film composer, and more.

You need to see a Counselor for specific recommendations about courses that will best meet your educational goals. Not all courses on the map are offered every term. Consult the Catalog and the Schedule of Classes for more details.
