

Information Technology and Business Meta-Major

Suggested first semester courses*

If you are not sure which specific degree you want to do, this list of courses will set you up for success in the DVC business programs, information technology programs, or economics programs.

Take all:

- ENG 122: Freshman English (or other by placement)
- BUS 240*: Business Statistics (or other by placement)
- CARER 110: Career and Life Planning OR CARER 130: Career and Major Exploration

Choose at least 1:

- ARTDM 214: Introduction to Graphic Design (IGETC Area 3A)
- BUS 109: Introduction to Business
- CIS 115: Microsoft Word
- COMSC 101: Computer Literacy
- ECON 101: Economics of Public Issues (IGETC Area 4)
- GEOG 120: Physical Geography (IGETC Area 5A) (add GEOG 121: Physical Geography Lab to complete IGETC Area 5C)
- LT 101: Foundations of Library and Information Services
- MUSX 172: Introduction to Electronic Music and MIDI

*Be sure to see a counselor ASAP to help you plan your courses. Different transfer locations have different requirements, especially for math classes.
