Check www.dvc.edu/fees for updated fee information.

Proxy information

Your written permission is needed anytime you authorize someone else to conduct any transactions in the Admissions and Records Office on your behalf. You will need to provide your proxy with the following:

- Written permission, which includes your proxy’s name, your signature, and detailed information on what transaction you authorize them to do;
- Student ID number and birth date;
- Your name, address and telephone number.

Your proxy will need to show a valid photo ID before any transactions are completed.

Attendance

If you miss the first class meeting or are absent for the equivalent of two weeks without approval, you may be dropped by the instructor. If you do not attend class but fail to drop the class by the refund deadline, you are still responsible for the registration fees.

Withdrawing from a class

You must officially drop classes through the online registration system or at the Admissions and Records Office. Non-attendance can result in an “F” grade and will cause you to lose your enrollment fees. If the class fee has not been paid and the class is not officially dropped, the unpaid fee will become an outstanding debt on your record. It is your responsibility to drop a class, not the instructor’s. If 75 percent or more of the instruction time has elapsed, you cannot withdraw and will be subject to an “F” grade.

Parking fees

The parking fee is $3 a day or $48 per term or $25 mid-term (after the ninth week) for fall and spring. Fall mid-term permits go on sale October 29. College parking permits are required daily except weekends (Friday 5 pm through Monday 7 am) and holidays. Parking permits must be purchased online through InSite, under the Academic Services menu. The paraking fee is $25 per term for students who qualify for the board of Governors Enrollment Fee Waiver. DVC parking permits are also valid at CCC and LMC campuses. Parking at the San Ramon Campus is free. Contact all other off-campus locations for their parking policies.

Outstanding debts

If you have any outstanding debts, you will be blocked from registration or from obtaining academic transcripts and diplomas until those debts are cleared. Pay debts at the Cashier’s Office. Debts are subject to district collection processes.

Fee refunds

Enrollment fees

To receive a refund, you must withdraw from school or drop class by the refund eligibility deadline. (For refund dates, go to InSite, Registration, to “My Class Schedule.” You can also check with your instructor.)

Refund checks for complete or partial withdrawals will be processed after the first two weeks of instruction. Refund checks will be mailed to your student address on file in the college Admissions and Records Office. If you have a new address, please notify the office as soon as possible. If you paid online by credit card, a refund will be issued to the credit card used for payment.
Non-resident tuition refunds
To obtain a refund for non-resident tuition, your request must be made at the Cashier’s Office.

You will not receive a refund if you:
• stop attending class and do not officially withdraw,
• withdraw from the class after the refund deadline,
• owe outstanding debts to the college.
A detailed refund policy is posted in the Cashier’s Office. Refunds for over $5,000 must be requested at the Cashier’s Office.

Students classified as non-resident may request reclassification if living in California for one year and one day prior to the start of the term. Documentation is required. Students should resolve residency reclassification immediately and all requests must be resolved by the end of the academic year in question.

Fees for approved reclassifications will be adjusted. Requests for residency reclassification submitted for an academic year that has ended will not be accepted.

Parking permit refunds
To receive a refund, you must withdraw from school or drop class by the refund eligibility deadline. For refund dates, go to InSite, “Registration”, to “My Class Schedule.” The dates are listed under the “Last Date to Drop” column. You can also check with your instructor. The parking decal must be returned to the Cashier’s Office for a refund. The refund check will be mailed to you according to the same refund processing cycle as enrollment fee refunds. Lost or stolen parking permits are not refundable.

Financial aid enrollment fee refunds
If subsequent to paying enrollment fees, you become eligible for financial aid and receive an enrollment fee waiver, you will automatically be mailed a full refund check according to the same refund processing cycle as enrollment fee refunds.

Enrollment fee deferments
If subsequent to paying enrollment fees, you become eligible for an enrollment fee deferment to an outside agency, submit the deferment to the Cashier’s Office. You will automatically be mailed a refund check of the deferred fees according to the same refund processing cycle as enrollment fee refunds. Details regarding the refund policy are available from the Cashier’s Office or the Admissions and Records Office.

Student Activity and Representation fees
The Student Activity Fee and the Student Representation Fee are voluntary. Refund forms are available online at: www.dvc.edu/SARefund. at the Pleasant Hill Campus in the Cashier’s Office, Student Life Office and Welcome/Information Center. At the San Ramon Campus, the forms are available in the Admissions and Records Office. Refund forms must be submitted in person or by U.S. mail to the DVC Cashier’s Office ONLY (DVC Cashier, 321 Golf Club Road, Pleasant Hill, CA 94523). Request for refund forms must be received within the first two weeks of instruction for a full term class, or before 10 percent of the class time for a short-term class. Refund checks will be issued monthly after the first two weeks of instruction each term (fall and spring only).

Non-refundable fees
The $10 ASDVC discount sticker fee is not refundable. This refund policy complies with and is based upon California law and the Education Code.

Prerequisites
Enrolling in DVC courses with prerequisites or co-requisites
If you are enrolling in a course with a prerequisite, you must complete that prerequisite with a “C” grade or better before you are allowed to register. A course has a prerequisite to ensure that you have the appropriate body of knowledge to be successful. Courses with a co-requisite require that you either have taken the co-requisite course prior or take the co-requisite course at the same time.

Please note: dropping a class with a co-requisite will result in a drop from both classes. A prerequisite is usually a course from a lower sequence of courses. A co-requisite is usually a lab or a course that provides supplemental instruction.

To see which courses have prerequisites and/ or co-requisites, see the individual course offerings in the catalog.

To register for a course with a prerequisite
If you have completed the prerequisite course with a “C” grade or higher, at DVC fall 1999 or later, you will have the prerequisite automatically cleared upon registration. If the prerequisite course was completed at DVC, CCC or LMC prior to fall 1999, contact the Admissions and Records Office for assistance.

If the prerequisite course was completed at another educational institution, the Admissions and Records Office must clear the requirement prior to registering.

All prerequisite equivalency forms must have the appropriate documentation attached.

Online registration
There are two ways to do this:
1. submit an unofficial or official transcript with a prerequisite equivalency form to the Admissions and Records Office; OR
2. fax an unofficial transcript with a prerequisite equivalency form to the Admissions and Records Office.

You will be notified of the results in two to three business days. If approved, you may register on or after your registration appointment time.

Registration for a co-requisite/prerequisite course
Some courses allow you to take the required course either as a co-requisite (concurrently) or as a prerequisite (previously). If you have a problem registering in such a course, please contact the Admissions and Records Office.

Open Course Policy
It is the policy of the Contra Costa Community College District that unless specifically exempted by statute or regulation, every course, course section, or class reported for state funding, wherever offered and maintained by the District, shall be fully open to enrollment and participation by any person who has been admitted to the college and who meets the prerequisites as may be established pursuant to regulations contained in Title 5 Section 55200.

Go to [www.dvc.edu](http://www.dvc.edu)

Click on InSite

Log in to your InSite account

Click on Students

Click on Registration

Click on Manage My Waitlist

The waitlist is a way to prioritize the registration of students after a class has reached its maximum. There are no guarantees that you will be allowed to register from the waitlist; therefore, it is always best to register in a class with open seats. If you are still on a waitlist when the class begins, the instructor cannot consider adding you to the class unless you attend the first class meeting.

Important: Check your InSite mail regularly for your waitlist status.

ACTION

Register: When permission is granted via email, select this option and click submit to register for this class.

Remove: Select this option if you would like to remove your name from the waitlist.

WAITLIST STATUS

Active: You are waitlisted for this class.

Permission Granted: You are able to register for this class. You will also receive an email when permission to register is granted. An email will be sent to your InSite mail account (insite.4cd.edu). However, it is your responsibility to track your status on “Manage My Waitlist”. You should review your waitlist status daily.

EXPRESS DATE

When permission is granted, you will only have three calendar days to register for this class.

If permission is granted less than three days before the class starts, you must register by midnight of the day before the class starts.

RANK/WAITLIST

Rank: Number you are placed on the waitlist for this class.

Waitlist: Total number of students on the waitlist for this class.

If you are still on a waitlist when the class begins, the instructor cannot consider adding you to the class unless you attend the first class meeting. The instructor may authorize you to add the class via InSite; or the instructor may sign the Schedule Request Form, which you must use to add the class in person at the Admissions and Records Office.

All students have the right to start their English courses at the transfer level. ENGL-122 -- First-Year College Composition and Reading, is the freshman transfer level class.

Some students may be required to add a support course, ENGL-120, to their schedule. This two-unit class is paired with an ENGL-122 class and both are taught by the same instructor. These are called linked classes – this means you must enroll in both classes at the same time.

If you think the extra support class would help you to be more successful, you may choose to take the linked classes even if you aren't required to.

Please be a good neighbor and consider our surrounding neighborhoods

We understand that our students often have no other choice but to park on neighborhood streets, especially at the beginning of the semester and during heavy enrollment periods, but please show respect for our neighbors as you would your own. Help keep our neighborhoods clean, quiet and peaceful.
Learning Community

What is a Learning Community?

A Learning Community means that the same students enroll in a group of two or more classes together. The teachers of the classes work together with the students that they share and there is often a unifying theme that links the coursework together too!

Why would I want to enroll in one?

Sharing more than one class with other students has built-in advantages. You are more likely to get to know them, make new friends, and maybe join a study group that helps you with more than one class. Because your instructors work with the same students, they also work together to make the work load more manageable by carefully scheduling major tests and assignments. You see more connections between subjects and come away with a deeper understanding of what you’re studying. If you want more learning and more community in your college experience, enroll in a Learning Community.

Mathematics
All about Math
To find your first English and math courses, use the DVC online placement tool.
www.dvc.edu/placement

All students have the right to start their math courses at the transfer level.
• MATH-121 – Plane Trigonometry is the first transfer level math course for STEM (Science, Technology, Engineering and Math) students.
• MATH-135 – College Algebra is the first transfer level math course for many business students.
• MATH-142 – Elementary Statistics with Probability is a transfer level math course that works well for most liberal arts, humanities, and social science students.

Some students may be required to add a support class to their schedule.
• MATH-021 (2 units) is paired with MATH-121
• MATH-035 (4 units) is paired with MATH-135
• MATH-042 (2 units) is paired with MATH-142

All of these classes are offered at different times on or off campus. The face-to-face meetings will be held in the DVC Math Center. Each of these classes is called a linked class – this means you must enroll in both classes at the same time.

If you think the extra support class would help, you may choose to take the linked classes even if you aren't required to.

MATH-085  Arithmetic and Basic Algebra Review - (SC) - 4 Units
Note: Studies of student success strongly suggest that degree-bound students should enroll in a math class at higher-level than MATH-085. Go to https://www.dvc.edu/enrollment/assessment/index.html and complete the online placement process, then make an appointment with a counselor to discuss placement.

Students will have some flexibility on how much time they take to learn topics and when they take assessments, though minimum requirements and deadlines will apply. The online assignments require computer access and may be completed either on or off campus. The face-to-face meetings will be held in the DVC Math Lab (for lab schedule go to www.dvc.edu/PHCMathlab for Pleasant Hill or www.dvc.edu/SRCMathlab for SRC). Students are encouraged to complete MATH-119SP in one semester, or take up to 2 semesters.
