

ARTICULATION TIMELINES

2019-2020

The following describes an entire cycle regarding CSU/UC transferability and inclusion in General Education patterns: CSU General Education Breadth (CSU GE) and Intersegmental General Education Transfer Curriculum (IGETC). DVC has the authority to deem courses CSU-transferable (within guidelines set forth in CSU Executive Order No. 1033); UC must review and approve courses for UC transferability. Courses must be deemed UC transferable before they can be considered for inclusion in IGETC. For this reason, the articulation cycle works one year in advance. Articulation with individual campuses for major/graduation requirements is conducted separately.
