Cool Things Going On
Apocalypse Now/Final Cut Film & Panel

Congratulations to SRC Faculty Deborah Lee, Michael Colson and Doug Cembellin for the successful panel discussion on the film showing of Apocalypse Now/Final Cut on Saturday, September 14th. This unique learning opportunity brought together faculty from a variety of disciplines, each adding their unique perspective to the film and the discussion. Michael Colson (English) spoke on the Hearts of Darkness by Joseph Conrad and how it relates to the film. Doug Cembellin (Film) spoke about the unique film aspects represented. Melissa Jacobson (Women’s History) spoke about the treatment of women by the U.S. soldiers vs the Viet Cong. Terence Elliot (Music) spoke on the use of popular music in a war film. James Mockoski (American Zoetrope Film Archivist and film restorer) spoke about how certain scenes were cut from the original to coincide with modern views, a bit on restoration of the film and why the film was restored. Deborah (History) was the organizer of the event and gave a brief overview of the Vietnam War and acted as a moderator. Students and panelists alike learned from the discussion.

Equity Speaker Series
The theme for this year’s Equity Speaker Series is “Stories to…”
Eli Clare’s talk is a “Story to Inspire”

Save the Date: Thursday, October 17, 2019; 6 - 8 pm; San Ramon Campus, W212
Disabled people, trans people, fat people, people of color: they all know what it’s like to be stared at. Through word and image, Eli – himself white, disabled, and genderqueer – explores what it means to live in marked bodies and, in the process, challenges one to consider the tremendous power of language. A proud rabble-rouser, Eli has written two books of creative non-fiction, Brilliant Imperfection: Grappling with Cure and Pride: Disability, Queerness, and Liberation, and a collection of poetry, The Marrow’s Telling: Words in Motion.

SRC Website Updates
Check out the new additions to the SRC Website:
- Faculty and student art work on the Applied Arts and Social Science Academic Page
- ADT degree in History brochure on the AASS page
- SRC Events link – check out what is happening and encourage students to attend
- Faculty Resources link – Learn about High Impact Educational Practices from the Association of American Colleges & Universities
- Photo of Professor Renee Swindle and students on the Language Arts page
- SRC Student Services page – easier to navigate and updated with community resources for students in need
- BioSc 126 Field Trip photos on the Science Department Academic Page
Want to add things to the website?

Send Jen information about what you would like to see included and/or promoted on our website.

Planning an event?

Let your Department Chair and Jen know early so we can help you advertise.

STEM Alumni Event

Congratulations to the STEM Faculty and Staff on a successful STEM Alumni Panel event held on Thursday, September 19th! Students enjoyed hearing about our former students' transfer experiences and received excellent advice!
