Division Council

Membership: The SRC Division Council is composed of one Department Chair from each of the five departments and the Division Dean(s).

Purpose:

The Division Council serves as the steering committee for the academic matters and collegewide initiatives as they pertain to the division. Its primary responsibilities are coordinating strategic scheduling and enrollment management, organize and facilitate professional development activities and campus sponsored events, and department and division policies and procedures.

Department Chair Terms:

The term length for department chairs is two years. Department chairs can serve for two terms and may serve for an additional term under special circumstances, pending department and Division Council approval. The election process for department chairs is determined by the department bylaws. Departments can choose to set up a rotation for the department chair position.

Meetings:

The Division Council will meet regularly during the Fall and Spring semesters. At the start of the academic year, the council will determine a meeting schedule. All department chairs are required to attend the meetings. If there is a need for an emergency meeting outside of the regular meeting schedule, a meeting can be called by a Division Dean or any department chair on the Division Council. If a department chair cannot attend a Division Council meeting, then another representative from the department should be selected to attend. The Division Council is chaired by one of the five SRC Department Chairs, on a rotating basis by semester. The Division Council chair determines agenda items with input from other Department Chairs and the Division Dean(s). The chair of the Division Council, or a designated council member, keeps minutes of meetings and distributes them to all full-time faculty and managers in the division. The Division Dean(s) is a non-voting member of the Division Council and serves in a supportive and advisory role.

Division Dean's Role:

Scheduling Processes:

It is the responsibility of the Division Dean to distribute the schedule to the Department Chairs along with deadlines for submission. The Department Chairs, in consultation with the members of their department and Discipline Area Coordinators, build a schedule. The resulting schedules are returned to the Division Council for discussion. Department Chairs, along with Discipline Area Coordinators, staff the schedule for the disciplines in their departments. All schedules are then submitted to the Division Dean for review. If changes need to be made to the schedule, the Division Dean will communicate them in writing to the Department Chair(s).

Voting:

The Department Chairs are the only voting members of the Division Council. The Deans do not vote unless there is a need to break a tie. The Department Chairs on the council can vote by proxy. If a department has

two co-chairs, only one chair can vote on Division Council issues so that every department receives only one vote. A majority vote (4 out of 5 votes) is needed for an acceptable outcome.

Amendments:

Proposals for amendments to the Bylaws may be made by any full-time faculty member of the Division. An amendment introduced at a division meeting will be voted upon at the following division meeting.

Amendments may be voted on by voice vote or secret ballot. Any one member can call for a secret ballot. If ratified, the amendment shall become effective immediately. A two-thirds (2/3) majority of those voting with at least fifty percent (50%) of the division membership participating is required to amend the bylaws.

Departments and Division:

The bylaws of every department must align with the Division bylaws. No department can change its bylaws without division approval. The Division Council will vote on any changes to department bylaws.

Transfer Requests:

If a faculty member from the Pleasant Hill Campus, Los Medanos College or Contra Costa College, requests a transfer to the San Ramon Campus, the division will follow Article 16.1 of the contract. All faculty currently employed in the Contra Costa Community College District, requesting a transfer to the San Ramon Campus, will be treated in the same manner and must participate in the full interview process. According to Article 16.1.2 of the contract, faculty members requesting a transfer will automatically be granted a first-round interview with the hiring committee.

Box 2A Process:

Requests for new full-time faculty positions must originate in the Department or Instructional Unit's Program Review, either annual or comprehensive, in order to be submitted through the College's Box 2a process. Program Review is completed and submitted in the Fall semester and departments and Instructional Units should, based upon data provided in the Program Review, determine and prioritize requests for additional full-time faculty.

Department Program Reviews are submitted to the Division Council for review and validation prior to submission to the college. The Division Council will make note of all requests for full-time faculty positions submitted in order to prioritize requests based on the published timelines established by the Vice President of Instruction.

In the spring semester, at the January department meeting, the department chairs will discuss the hiring needs for the upcoming year with their departments. The departments will review the FTEF data in their areas and discuss a strategic plan for hiring, developing long term hiring goals when appropriate.

New Faculty Orientation

All new part-time faculty hired to teach at the San Ramon Campus will be invited to attend the New SRC Part-Time Faculty Orientation session offered twice a year during Fall and Spring Flex weeks. New part-time faculty who are unable to attend the orientation in person, will receive the orientation materials packet placed in their SRC mailbox.
