Enrollment Data: Unduplicated Headcount Enrollment

5. Total unduplicated headcount enrollment for last three years:

For the purposes of this report, unduplicated headcount is defined as the total number of students (credit and non-credit) enrolled at the end of the general enrollment period (also referred to as first census date). The academic year should include leading summer, fall, winter, and spring terms. If your institution calculates the academic year differently for the purposes of monitoring annual enrollment, you may respond using your local calculation and describe your method in Question 19.

6b. Please list any individual degree-applicable credit program which has experienced an increase or decrease of 50% or more in the last year. (Enter N/A if this does not apply to your institution.)

Ethnic Studies For this report, programs which experienced an increase or decrease of 50% or more was defined as disciplines that experienced a 50+% increase or decrease in number of sections offered from AY 23-24 to AY 24-25.

7. Do you offer Distance Education?

Yes

No

If you answered no, skip to question 8.

7a. Total unduplicated headcount enrollment in distance education in last three years:

Distance education is defined as education that uses technology to deliver instruction to students who are separated from the instructor(s) and to support regular and substantive interaction between the students and the instructor, either synchronously or asynchronously. For the purposes of this report, include only those courses that are 100% online in your calculation of unduplicated headcount enrollment for distance education. Do not include hybrid courses or courses in which all the class hours are face to face, but some material is posted online.

Student Achievement Data

9a. Does your institution participate in Title IV funding?

Yes

No

**If yes, complete questions 9b – 9c. If no, skip to question 10a.*

9b. List the current Graduation Rate per the US Education Department College Scorecard.

33 %

The US Education Department College Scorecard can be accessed at <https://collegescorecard.ed.gov/>. Enter your institution's name in the search box to find the current graduation rate. For the purposes of the College Scorecard, graduation rate is defined as "the share of students who graduated within 8 years of entering this school for the first time."

9c. List the current Transfer Rate per the US Education Department College Scorecard. ((add box))

27 %

The US Education Department College Scorecard can be accessed at <https://collegescorecard.ed.gov/>. After entering your institution's name in the search box to find the current graduation rate, scroll to the Graduation & Retention drop-down. After you expand the section, you will see the "% of students that transferred out. For the purposes of the College Scorecard, graduation rate is defined as "the share of students who transferred to another institution within 8 years of entering this school for the first time."

11b. Please review and score your institution's website on the [Rubric for Effective Institutional Outcome Transparency](#).

Score:

5

Reflecting on your score above, describe how your college is supporting continual improvement and innovation in alignment with the ACCJC Standards and guidelines for data transparency on your institution's public website?

The college continues to strengthen alignment with ACCJC Standards through ongoing improvements to data transparency and public accessibility. Over the past year, the institution developed a dedicated public-facing webpage with disaggregated student outcomes data and added direct access from the college homepage, contributing to improvement in rubric performance. Planned enhancements include improving readability and contextualization of data for students and the public through clearer definitions, reorganization of content, and stronger integration of institutional data with student stories and outcomes narratives to better communicate institutional effectiveness and student success.

Institution-Set Standards: Course Completion

For the purposes of this report, the successful course completion rate is calculated as the number of student completions with a grade of C or better divided by the number of students enrolled in the course. If your institution calculates successful course completion differently, you may

respond using your local calculation and describe your methodology in Question 18.

Dental Assisting	State	75	100	96	94	96

19. Does your college offer Career and Technical Education Programs?

Yes

No

If you answered no, skip to question 20.

19a. Job placement rates for students completing certificate programs and CTE (career-technical education) degrees for last three years available data:

For the purposes of the Annual Report, Job Placement Rate is defined as the percentage of students who are employed in the year following completion of a CTE (career-technical education) certificate or degree program. (This means that the denominator for the 2022-23 job placement rate will be the number of students who completed the program in 2021-22.) Report only those programs with a minimum of 10 students in the completion year. For example, if a program had 9 students complete in 2021-22, you do not need to report a job placement rate for 2022-23. Report only those programs for which reliable data are available. If your institution has defined its job placement rate differently than what is described above, you may complete this question using your local definition – but please describe your definition and methodology in Question 19.
