

COVID-19 EMERGENCY GRANT FAQ

1. Why do I need to be eligible for financial aid or complete a FAFSA to be eligible to apply?

No, at this time, you do not need to be financial aid eligible or complete a FAFSA to be eligible to apply. Due to a preliminary injunction granted by a federal judge, all California community college students are eligible to receive CARES Emergency Grants, without regard to their eligibility under Title IV of the Higher Education Act or their immigration status. The injunction gives us the flexibility to remove the requirement that applicants have a complete FAFSA on file, thereby extending eligibility to a host of previously excluded populations, including Dreamers and other undocumented students.

2. What if I was enrolled and dropped all my courses because of COVID-19, can I still apply for the spring or summer?

Unfortunately, you would not meet the enrollment requirement to apply for emergency funds if you withdrew since only actively enrolled are eligible to apply. If you enroll for fall 2020 and have a qualifying expense, you may apply. Keep in mind that funding is limited.

3. What if I have a hold and owe a balance to the college? Will that be taken out of the award amount?

No. Emergency grants will be disbursed directly to students. It is the student's responsibility to repay any outstanding debt with the college.

4. What if I dropped all of my spring or summer courses mid-semester but have registered for fall classes. Can I get a partial grant for the spring and/or summer?

No. You must be actively enrolled to apply for the emergency grant. If you are enrolled and have a financial emergency for the fall 2020 semester, you may apply for the emergency grant.

5. If awarded how long will it take to receive grant funds?

Please allow 3-4 weeks for us to process and disburse the grants. You will be notified via your InSite email account if you approved for an emergency grant.
